JOHNSON, HARDING IN CHICAGO

Delegates Also Beginning to Arrive in Town

LONG FIGHT IN SIGHT

Great Demand From Women for Seats in the Convention.

[By Associated Press]
CHICAGO, June 3—Two Republican presidential candidates, Senator Johnson and Harding, arrived in Chicago today. Their coming marks the beginning of activities in the pre-convention period.
Five days remain before the Republican party assembles to pick its candidates and these five days are expected to contain crowded hours of conference, last minute alignment of forces and final decision among campaign managers. Every candidate except Herbert Hoover is expected to be here.
Advance guards of delegates are beginning to arrive and by Sunday they will be coming in a steady stream. The majority are technically unpledged but most of them have their leanings and very few of them are claimed by less than three managers.
Some chairman of incoming delegations are announcing their preferences in prepared statements with free confidence, but political managers standing on the side lines and making up their minds have found no reason for changing their opinion—that while some candidates have enough delegates to give them formidable fight.

CONGRESS TO ADJOURN FINALLY ON SATURDAY

President Says Special Session Will Not be Called.

RECESS PLANS FAIL

Will be No Further Legislation Until After Election.

[By Associated Press]
WASHINGTON, June 3—Congress will end its session Saturday under a resolution of adjournment adopted today by the senate after assurances were received from the White House that President Wilson did not intend to call a special session during the summer unless a grave emergency arose.
The vote on the resolution was 44 to 24. It came after two attempts to amend the measure so as to provide for a recess in the once case to July 12 and in the other to August 2 had failed.
Senator Kenyon first offered an amendment to make the date of reconvening August 20 but at the request of Senator Jones, Republican of Washington the date was changed to July 12. The second attempt to amend was by Senator Trammall, Democrat of Florida. Both amendments were voted down 47 to 20. The resolution already had been passed by the house.

Well Known Colored Miner Dies Suddenly

William Lindsay, aged 45, a well known colored man of Marion county, died suddenly last night at about midnight at his home at Barrackville. Mr. Lindsay had worked at the mines at Barrackville during the evening and returned to his home, washed and dressed himself, and laid down on the bed in his room at about eleven o'clock and expired shortly afterward. Heart disease is believed to have caused his death. The man had worked at Barrackville and at Grant Town and was well known and liked in both communities as well as in this city where he frequently visited. He was a native of Virginia but had resided in that community for a period of sixteen years. He is survived by his wife, Mary, and one daughter, Dora Clemens.
The body was prepared for burial by Undertaker R. L. Cunningham. The funeral will take place on Sunday from the Baptist church at Grant Town the hour to be announced later.

BOLSHEVISTS LOSING THEIR GRIP ON RUSSIA

Correspondent Duckworth Who Spent Three Weeks There Says 90 Per Cent of the People Are Sick of It.

N. E. A. Staff Correspondent.

(Special Cable)
REVAL, Esthonia, June 3.—I have just returned after more than three weeks in Bolshevik Russia.
I have seen the real Russia—not the Russia shown by the Soviet officials in personally conducted tours for correspondents.
No toeh newspaper man without a permit has crossed the Bolshevik frontier, reached Moscow and returned.
Russia in 1920 is a land of horror indescribable.
The people are slowly starving to death. Gaunt, apathetic figures stalk the streets.
The army is in rags. Its equipment is worn out.
The early ardor of the Red revolution is gone and Bolshevism, if not crumbling, is slowly decaying.
I spent a week in the capital, Moscow, another week in the Pskov region and three days in a Moscow prison, to which I was sentenced by the Extraordinary Commission for Suppression of Counter Revolution, because I had crossed the guarded Bolshevik front without a permit and made my way into the interior in disregard of the flat orders of the Moscow government.

RAILROADS MUST HAVE MORE CARS FOR COAL CARRYING

Fifty Per Cent Now For Commodities Other Than Coal.

More tangible steps are being taken by the Interstate Commerce commission, Washington, D. C., to guarantee a better car supply for the coal mines of the country by seeing that railroads along which they are located receive a larger number of open top cars. Railroads are restricted to the use of open top cars for other purposes, not being allowed more than fifty per cent of the actual requirement.
This information was received today by the Northern West Virginia Coal Operators' Association from John Callahan, traffic manager of the National Coal Association, Washington, D. C., who has sent Commissioner Nicholson's wire to Daniel Willard, chairman of the special committee on car service matters of the American Railroad executive commission and the telegram sent by W. C. Kendall, chairman of the commission on car service, to all railroads.
Wire to Willard.
This wire has been sent by Commissioner Nicholson to Mr. Willard: "Desires me to state that present emergency which led commission to issue its service orders Nos. 1, 2 and 3, is of such grave character that full and prompt compliance with the orders in detail must be expected. Reports which come to us from our inspectors throughout the country show that in many instances deliveries of equipment have not been made as required by service orders 2 and 3. In candor the commission feels it should state to executives of carriers who are represented by committee of which you are chairman that prompt full and literal compliance with these service orders is expected and that violations thereof will be made the subject of inquiry by commission with view to institution of proceedings for the enforcement of the penal provisions of the Interstate Commerce act governing violations of orders of the commission. In such cases the commission will appreciate it if you will see that your committee understands our position in this matter and that the policy outlined is communicated to all carriers affected. The public interests to be served in this emergency require immediate and complete compliance with these orders so that the transportation needs of the country may be even partially met. It is hoped that compliance with these service orders will be so prompt and free there may be no occasion for recourse to the penalty sections of the act." Nicholson, commissioner.

Kendall's Telegram.
This telegram has been sent by W. C. Kendall, chairman of the commission on car service today to all railroads: "In order that coal production may be increased and discrepancies in

RECOUNTS ON SEVERAL OFFICES STARTED TODAY

Cather Wants One But Carigan is Satisfied with Result.

RECOUNT ON GOVERNOR

Curt Amos Representing Preston Man, J. A. Meredith for Morgan.

A few recounts on the primary vote were scheduled to start this afternoon at 1:30 in the county court room under the direction of the county clerk and it is likely that all the time of day and part of tomorrow will likely be consumed in this work. Just before the hour set for the recount of ballots to be started, it was announced that Carigan had withdrawn his request for a recount of the ballots on himself and Ben Rosenbloom who had a close race for the congressional nomination from the First district.
It was announced this morning that L. A. Cather would contest the nomination of Clyde H. Smith for Circuit Clerk on the Republican ticket. There was only a difference of 62 votes between Smith and Cather. Mr. Cather decided to have a recount. He will be represented by Clay Amos and Frank Haymond, while James A. Meredith will represent Mr. Smith. Curt Amos will be the legal light in the interest of S. B. Montgomery in the recount he has demanded in this county, while James A. Meredith will represent Judge Morgan in the same capacity.
While there is considerable interest in the recount around the court house, it is the general opinion that there will be little if any difference at all to be gained by such action. The unofficial and official canvass of the primary vote have been made, and there was practically no variation found in these two counts, so that the possibility of any landslide on a recount demanded by any of the candidates is very slight to say the least. SENSATION, NOISE, LIGHT COLOR, LUXURY TO MARK JOHNSON DRIVE IN CHICAGO

Nothing Comparable With it Ever Seen Before at a Republican National Convention

CLIMAX NIGHT BEFORE CONVENTION OPENS

Mass Meeting Widely Advertised Will be Held at the Auditorium—Friend and Foe Deeply Interested in What the Candidate Will Have to Say.

By H. N. RICKEY
(Special Dispatch to The West Virginian)

CHICAGO, June 3—The stage has been set here for what promises to be the most sensational feature of rather series of features of pre-convention week.
Hiram Johnson, the most disturbing factor in the campaign for the Republican presidential nomination, makes his dramatic entrance this afternoon. From the moment he arrives until he fast pace that all other candidates will fall by the wayside from abber exhaustion.
The plans for the reception at the station and the parade to the auditorium hotel have all been worked out with a view of making them as spectacular as possible. Nothing has been left to chance. The idea is to demonstrate to the political leaders and the delegates that Johnson is the one popular leader among all the candidates.
The Johnson headquarters at the Auditorium hotel are the last words in spaciousness and efficient arrangements. They occupy the entire second floor of the hotel. There are sleeping rooms, private offices, public rooms, large and small conference rooms, etc. Nothing comparable to this Johnson joust has ever been known at a national convention.

Across the Michigan boulevard front of the building is a sign with "Hiram Johnson" in letters ten feet high. The man who gave the specifications for this sign had real imagination. It is the biggest thing in signs Chicago has ever seen. There is no shrinking violet stuff in the Johnson campaign.
In personal charge of the final

stage of the fight Johnson is prepared to go the limit to keep the spotlight on himself. There will be parades, receptions to delegates and reporters, band concerts, speeches, everything. The climax will come on Monday night, when Johnson and Davis address a mass meeting at the Auditorium.
This mass meeting is being widely advertised and the Johnson followers who have arranged it predict that it will be the biggest demonstration for a candidate in the history of national conventions. Every delegate and alternate will be invited, and reserved seats going with the invitations.
At this meeting on the eve of the convention opening Johnson will make the supreme effort of his life to win the nomination by "army" just as Bryan did.
What tact he intends making is not known. He may hurt defiance at political bosses or he may try to convince the delegates by argument that he is the logical and most available candidate.
The Johnson followers are basing great hopes on this speech. They say that after Johnson has made it the convention simply will have to nominate him. Pleased for an explanation as to just what they mean they smile and say "just wait and see."

At the headquarters of the other candidates the whole Johnson spectacular program is referred to as a bluff—cheap circus stuff "trying to imitate" and such like. But Johnson opponents are all mildly interested and would give a good deal to know what Johnson is going to say to the delegates and how they are going to take it.

Will Burn Part of City To Stop the Plague

MEXICO CITY, June 3.—(By Associated Press)—One-third of the houses of Vera Cruz will be burned because of the bubonic plague infection, it has been decided by the people of that city, according to advice received here today.

CALL FOR WORKERS.

It is imperative that all workmen, team captains and members of both the industries and executive committee of the Home Service Appeal of the Salvation Army gather at campaign headquarters in the Chamber of Commerce room in the Fairmont hotel at 7:30 o'clock tonight and it is urged that as many chairmen and workers throughout the county as can conveniently come be present. In case chairmen in the country districts cannot get into Fairmont it is urged that telephone reports of chairmen be made in the event of their being in danger of falling in with the quota in the Home Service Appeal.
J. E. WATSON, General Chairman.
